Botulinum Toxin Type A (Botox®, Dysport® & Xeomin®) and Type B (Myobloc®) Protocol Overview

UnitedHealthcare participating care providers should use network specialty pharmacy, BriovaRx™ Specialty Pharmacy for dispensing Botox, Dysport, Xeomin or Myobloc to UnitedHealthcare commercial members.

BriovaRx™ Specialty Pharmacy can send the medications directly to your office or clinic in temperature-controlled packaging.

Benefits to using these network specialty pharmacy vendors include:

• Cost-effective medication for members
• BriovaRx™ Specialty Pharmacy bill UnitedHealthcare for the cost of the medication
• Dedicated Customer Care Team can turn around requests quickly

All Care Providers:
When you receive the medication through network specialty pharmacy, BriovaRx™ Specialty Pharmacy, they will submit the medication cost directly to United Healthcare. We reimburse BriovaRx™ Specialty Pharmacy directly, so you will not receive a bill for the cost of the medication. The network pharmacy will bill the member for applicable out-of-pocket costs. You only need to bill United Healthcare for administration of the medication. Please submit a claim for medication administration using the claim submission information located on the member’s health care identification card.

Non-Participating Care Providers:
If you use a non-participating pharmacy, you may request reimbursement from UnitedHealthcare for the drug and its administration. However, the reimbursement rate is based on the member’s out-of-network benefit, which means the member’s out-of-pocket cost may increase.

We recommend using a network specialty pharmacy to help minimize the medication out-of-pocket cost for the member.

Member Costs:
BriovaRx™ Specialty Pharmacy will contact the member about medication cost share responsibility and collect that amount before dispensing the product.

Hospital Outpatient or Ambulatory Administration:
Hospital outpatient or ambulatory administration may be required to follow this ordering process depending upon contract and reimbursement billing requirements. The protocol does not apply to an inpatient hospital stay with hospital diagnosis related groups or revenue code billing.

More Information:
The Botox, Dysport, Xeomin, and Myobloc protocol is described in the 2017 UnitedHealthcare Physician, Health Care Professional, Facility and Ancillary Provider Administrative Guide located here. You may also go to UnitedHealthcareOnline.com > Tools and Resources > Policies, Protocols and Guides.

If you have questions, please contact BriovaRx™ Specialty Pharmacy at 855-242-2241. Thank you.
Provider instructions for ordering Botox, Dysport, Xeomin or Myobloc through BriovaRx:

1. **Access** the enrollment form:
   - Click here to access the Botox/Dysport/Xeomin/Myobloc Enrollment form online
   - Go to UnitedHealthcareOnline.com > Tools & Resources > Pharmacy Resources > Specialty Pharmacy Program > Prescription Enrollment Forms: Botox/Dysport, Xeomin/Myobloc (BriovaRx)
   - Call the specialty pharmacy toll-free to receive the enrollment form
     - BriovaRx™ Specialty Pharmacy – 855-242-2241

2. **Complete** the enrollment form. Provide necessary documentation, such as clinical information, chart notes, test results, etc. describing the patient’s clinical condition for Botox, Myobloc, Xeomin or Dysport.

3. **Fax** the completed enrollment form and supporting documentation to BriovaRx:
   - BriovaRx™ Specialty Pharmacy – 877-342-4596

4. To **check the status** of your order, please call the network pharmacy:
   - BriovaRx™ Specialty Pharmacy – 855-242-2241

5. **BriovaRx™ Specialty Pharmacy** will call you to let you know if the order was approved.
   - If approved, the prescription will be active for one year from the date written.
   - If not approved, UnitedHealthcare will mail you a denial letter detailing the clinical criteria and decision. This will include appeal instructions.
     - To check the status of an appeal or denied initial request, please call the phone number listed on the member’s health care identification card.

6. **Bill** UnitedHealthcare for the administration of Botox, Dysport, Xeomin or Myobloc.

7. **Call** the network specialty pharmacy for refill:
   - BriovaRx™ Specialty Pharmacy – 855-242-2241
